

Menopause 6 A Natural Remedy that may help in Reducing Symptoms of Menopause and Help Maintaining Female Fertility.

Properties: Menopause 6 is a natural herbal remedy that consists of homogenous mixture of six Pharmacopoeial herbs. It showed distinctive effectiveness as observed by clinicians who used it on many cases of women aged between 40-60 years during the last five years. It helps in adjusting female sex hormones during menstrual cycle.

Indications: It is indicated for the followings:

- ❖ Increasing the level of estrogen and progesterone hormones in the blood serum.
- ❖ Stimulate the secretion of "Interleukin 2 (IL-2)", where it has been observed that it balances the immune system of the body.
- ❖ Regulating the relationship between the immune system and the female sexual hormones.

Results: Menopause 6 has distinctive effect as observed through clinical and laboratory studies performed. It has similar effect to the effects of female sexual hormones; estrogen and progesterone. Therefore, it can be used as a natural supplement in females aged 40- 60 to help in reducing the symptoms of menopause and also help in maintaining female fertility.

Side effects: None reported so far.

Contraindications: None reported so far. Recommendation: It is advised that Hind be taken regularly by women aged 40 and over continuously.
